

## Environmental Policy

### Purpose

This policy outlines *[Your Organisation Name]*'s environmental commitments in line with ISO 14001:2015.

### Scope

Applies to all activities, products, and services under our control that impact the environment.

### Our Commitments

#### 1. Environmental protection

We are committed to protecting the environment, including preventing pollution and other harmful impacts from our activities.

#### 2. Compliance obligations

We will identify, understand, and comply with all applicable environmental legislation, regulations, and other requirements we subscribe to.

#### 3. Continual improvement

We will continually improve our environmental management system to enhance environmental performance over time.

#### 4. Sustainable resource use and impact reduction

We will use resources efficiently, minimise waste, and take action to reduce environmental impacts where possible.

### Responsibilities

- Managers must ensure that environmental practices are integrated into day-to-day operations.
- All workers are expected to follow environmental procedures and report concerns or improvement ideas.

### Communication and Review

- This policy is communicated across the organisation and made available to relevant interested parties.
- It is reviewed annually and updated as required to remain appropriate and effective.
